ARCH BRIDGE DESIGN COMPETITION

Sophia N., Jason C., Monte G., Justin M.

DESIGN

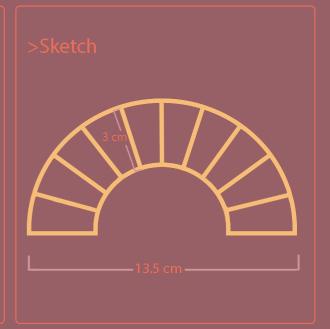

- > Potatoes are used as a material
- > Can be easily cut & shaped into

same-sized blocks.

- > Score = <u>longest span</u> block's longest dimension
- > **4.5** is the expected score of the

bridge

FINAL DESIGN

LESSONS LEARNED

Repeat

The same design used for the arch bridge.

Change

The material should be replaced into more stable, and can be used as an easy building block such as wood.
